DULUXE *Jupiter*

THE SATISFACTORY PANACEA FOR ALL
YOUR RESTROOM WORRIES.

DULUXE Jupiter

The elementary system that will cater to all the needs of a restroom -- long-lasting and easy maintenance. Duluxe Jupiter series is complete with various resistance such as shock and mar. This system is made for tough conditions, for example high traffic. It has an integral striker strips, as well as rubber strips to provide for silent operations on both sides of the door.

DIMENSIONS

Cubicles' 2000mm overall height design includes a 150mm floor clearance. Its width and depth are tailored to meet your preferences and to adapt to individual site conditions.

MATERIALS

Standard design combines the use of solid compact laminate panel (phenolic core), natural anodized channel, and heavy duty stainless steel accessories. Other options are available.

PANELS

Panels are made of 12mm thick high density, water proof, solid, compact laminates (phenolic core). They are equipped with high pressure textured matte finish melamine on both sides for shock and mar resistance.

STAINLESS STEEL ACCESSORIES
